I'M A NEW MUM: CAN I BE CLOSE TO MY BABY IF I HAVE COVID-19?

Yes - close contact helps your baby to thrive. You should be supported to:

Breastfeed early, exclusively and safely

Hold your newborn skin-to-skin

Share a room with your baby after birth

If you have a fever, cough or difficulty breathing, talk to your healthcare provider immediately and follow medical advice

I'M A NEW MUM: CAN I BREASTFEED IF I HAVE COVID-19?

Yes - early, exclusive breastfeeding helps your baby to thrive.

Wear a mask

Sneeze in your bent elbow or use a tissue to cover mouth and nose. Dispose of the tissue immediately after use

Wash hands before and after touching your baby

Routinely clean and disinfect surfaces

If you have a fever, cough or difficulty breathing, talk to your healthcare provider immediately and follow medical advice

ARE YOU A NEW MUM? HAVE YOU RECENTLY GIVEN BIRTH? DO YOU FEEL OVERWHELMED, ANXIOUS OR NOT ABLE TO CARE FOR YOUR BABY PROPERLY?

You are not alone...

Many women experience feelings of anxiety and depression after birth and more so during COVID-19

Do not be afraid to ask for help:

Talk to your healthcare provider about your feelings and ask for the support of family and friends

If you have a fever, cough or difficulty breathing, talk to your healthcare provider immediately and follow medical advice

ARE YOU STRUGGLING WITH ANXIETY AND LOW MOODS AFTER GIVING BIRTH?

Create a routine: write a to-do list, keep active and stick to a daily schedule

Maintain a healthy diet and stick to a sleep routine for you and your baby

Do some light exercise: go for a walk with your baby or with family and friends

Find activities or support groups that you can join

If you have a fever, cough or difficulty breathing, talk to your healthcare provider immediately and follow medical advice

IS CONSTANT NEWS ABOUT COVID-19 MAKING YOU ANXIOUS AND OVERWHELMED?

During this time try to:

Only access the information you and your family need to stay informed

Only access information from reliable sources

Limit your time on social media

If you have a fever, cough or difficulty breathing, talk to your healthcare provider immediately and follow medical advice
